YOUSSEF ATEF Front-end developer

Mit Ghamr, Egypt, 35951 | +201210358944 | yatef57@gmail.com

SUMMARY

Front-end developer with expertise in **HTML**, **CSS**, **JavaScript**, and **TypeScript**, specializing in building responsive, high-performance web applications using **React** and **Next.js**. Proficient in state management with **Redux** and experienced in version control with **Git** and **GitHub**. Strong focus on delivering intuitive user interfaces and seamless user experiences. Skilled in collaborating with cross-functional teams, problem-solving, and adapting to new technologies in fast-paced environments.

EXPERIENCE

06/2024 to 08/2024
LMS Admin Dashboard (React.js, Redux)
Using React.js and Restful API
GitHub Repository: https://github.com/YOUSSEF-33/LMS-Admin-Dashboard

- Developed a Learning Management System (LMS) admin dashboard for an academic university using React.js and Redux for state management.
- Designed and implemented a RESTful API to manage academic data, including courses, student profiles, and academic records.
- Integrated Redux for efficient state management, ensuring seamless data flow and improving application scalability.

04/2023 to 05/2023
Events Application (Next.js, Express, MongoDB)
Using Next.js and Express.js
GitHub Repository: https://github.com/YOUSSEF-33/evently-app
Preview: https://evently-mu-tan.vercel.app/

- Developed an events application using Next.js for the front end and Express with a serverless backend.
- Implemented **MongoDB** as the primary database, managing event data and user profiles with efficient CRUD operations.
- Integrated serverless functions for backend operations.

SKILLS

- **Languages**: HTML, CSS, JavaScript, TypeScript
- **Frameworks & Libraries**: React, Next.js, Redux
- **Version Control**: Git, GitHub
- **Tools**: Visual Studio Code
- **Soft Skills**: Problem-Solving, Collaboration, Adaptability, Time Management

EDUCATION

Bachelor of Computer Science: Computer Science
Benha National University - Obour City
GPA: 3.4
